**REASON:** Provide a description of the reason and health hazard for the recall.

This is to notify you of a decision to recall 10 lots of Clindamycin Pledgets due to an Out-of- Specification result obtained in one lot for an unknown impurity at 14 months stability testing. The result was 0.23% with a limit of NMT 0.20%. This impurity presents no health hazard and no adverse health consequences will occur.

**LEVEL:** Specify the level of the recall.

This recall is being carried out to the **RETAIL** level and is only for the specific lots listed above.

**CLASS:** Indicate if the recall has been classified and provide class (I, II, III).

This recall has yet to be classified. This recall is being conducted with the knowledge of the Food and Drug Administration.

**ACTION:** Describes actions to be taken by distributors, retailers and/or customers.

By distributor:  
 1. Stop dispensing and distributing these lots. Quarantine product.  
 2. Please carry out a physical count and record this data on the verification form and the packing slip included with this letter.

3. Complete and return the attached verification form **even if you do not have the recalled product.**
4. Notifications of this recall are being sent to all direct distributor accounts of Akorn. If you further distributed this product, please forward this notification to your customers as it is a **RETAIL LEVEL RECALL**
5. Return the recalled product and the packing slip using the pre-paid shipping labels within 30 days to:

**Akorn c/o
