

URGENT: DRUG RECALL

Retail Level

GlaxoSmithKline Consumer Healthcare Holdings (US) LLC
184 Liberty Corner Drive
Warren, NJ 07059

Date: September 26, 2018

Dear GSK Customer:

This letter is to inform you that GSK Consumer Healthcare is conducting a voluntary retail level recall of:

Prevacid® 24HR Capsules, 15 mg lansoprazole (14, 28, and 42 counts)

UCC: Please refer to Attachment 1 for full list of impacted UCC codes

UPC: Please refer to Attachment 1 for full list of impacted UPC codes

See attached photographs for ease in identifying the product at the retail level.

This recall is being conducted with the knowledge of the US Food and Drug Administration (FDA).

In keeping with our commitment to quality, GSK Consumer Healthcare has made the precautionary decision to voluntarily recall all Prevacid® 24HR Capsules lots within expiry at the retail distribution level. This decision is based on microbiological out of specification results obtained for one lot of Prevacid® 24HR Capsules that remains within GSK control and has not been distributed. Although all lots on the market and within expiry have met all release test specifications, current available data cannot exclude potential impact to released product. There is no evidence of a consumer safety concern based on a completed medical assessment that concludes the use of, or exposure to, the affected product is not likely to cause adverse health consequence.

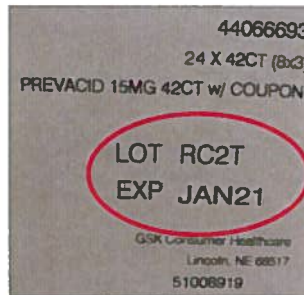

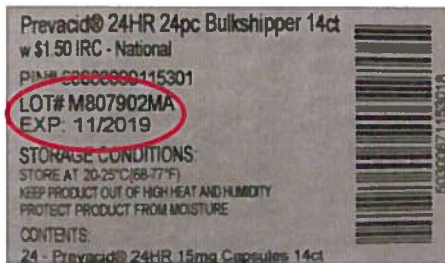

Please refer to Attachment 1 for a complete list of lots within the scope of this recall.

Please note that product is being recalled at the retail level. This is not a consumer level recall.

Affected lots (within expiry) were manufactured between October 8th, 2015, and March 26, 2018, and distributed in the timeframe between January 7th, 2016 and September 2nd, 2018.

Please immediately examine your inventory, quarantine and cease distribution of the listed lots. Please carry out a physical count and record this data on the Product Recall Response Form which is included with this letter. In addition, if you may have further distributed this product, please identify your customers and notify them at once of this retail level product recall. Your notification may be enhanced by including a copy of this recall notification letter.

The lot number can be found on the product and on the shipping case labels as shown.

This recall should be carried out to the retail level. Your assistance is appreciated and necessary to ensure only product not implicated by this recall is further distributed.

It is very important that you complete the requested information on the Product Response Form and return it within five (5) business days, even if you do not have the listed lots in stock. You can also fax the Product Response Form to 1-336-499-8796.

For shipping assistance or questions about the recall process, please contact Inmar at 1-855-896-9867 and refer to Event Number 134PREV18.

Receipt of a Product Response Form is essential for GSK to resupply Prevacid® 24HR Capsules, 15 mg Lansoprazole Capsules to our customers.

Reimbursement will be issued via credit through GSK at a rate of list plus 10% handling fee.

GSK Consumer Healthcare is committed to providing the highest quality products to our customers. We regret any inconvenience this recall may cause and appreciate your cooperation.

If you have any questions, please contact our GSK Customer Service team at 1-800-743-4014, Option "5", for PREVACID® 24HR 15 mg Lansoprazole Capsules, Recall Event Number 134PREV18.

Regards,

Colin Mackenzie,
Head of Americas
GlaxoSmithKline Consumer Healthcare Holdings (US) LLC
